

## **Cooking in the Old Days**

### **SS-05-5.2.3**

**Students will compare change over time in communication, technology, transportation and education.**

**The kitchen display on the second floor of the museum shows a kitchen that was modern at the time, but it may not look like the kitchen you have in your home today. Compare the kitchen of the 1940 to today's kitchen. Using a graphic organizer of your choice, compare the similarities and differences in the kitchen of the 1940s and the kitchen in homes of today. Think about the influence of technology, the types of activities that take place in the kitchen, the types of appliances, etc.**

- **How are they alike?**
- **How are they different?**
- **How are they similar?**
- **Which kitchen would you prefer to have in your home? Why?**
