Early settlers to Kentucky established schools to educate their children. On the second floor of the museum, you saw a one-room school display. Choose two of the following activities to help you compare the old school to your school of today.

- **Make a diagram to compare the one room school with your school of today.**
- **Write a letter to a student of a one-room school telling him/her about how your school is different from theirs.**
- **Write about what you think it would be like to attend a one-room school.**
- **Write about a day in the life of a student who attends a one-room school.**
- **Complete a math assignment using a chalk board or a pencil and paper. No calculators allowed.**
